Subject: Call for student project as Proof of Concept (POC) proposal for the year 2024 with commercial viability for grant in aid under New Generation Innovation Network, IIC NIT Agartala supported by Department of Information Technology, Govt of Tripura.

Dear Sir and Madam,

Cordial greetings for all your support and successful accomplishment of **innovation activity** at the National Institute of Technology Agartala organized by the Institute Innovation Council, e-cell and Startup of NIT Agartala.

Under the NGIN project supported by DIT a call for students to submit the product oriented Proof of Concept (POC) with commercial viability is initiated [Ref Communication from DIT] in the attached format by 26th February 2024 for an evaluation by the state council.

Upload your submission on the following link

<https://forms.gle/cZAYJVBwy2ZBXvaX7>

This call is appraised by the MOU under NGIN between NIT Agartala and DIT Govt of Tripura.

Make wide circulation of the call and make sure at least 5 projects are submitted by every department within the due date in the prescribed format. Any student of NIT Agartala of UG, PG is eligible to apply under the mentorship of a faculty. One faculty can mentor multiple projects. Please note it should be a product oriented submission just not a research project.

**Please note: Individual department innovation participation and performance activity will be projected as the activity data which is directly connected to Institute ARIIA and Innovation ranking.
Once again thank you for all your support and cordial cooperation.**

Regards

(Dr. Suman Deb)

Chairman Institute Innovation and Startup National Institute of Technology Agartala

Copy to :

- i) Director, NIT Agartala for necessary information.
- ii) Dean Academic, NIT Agartala for necessary circulation.
- iii) Dean R&C, NIT Agartala for necessary circulation.
- iv) Chairman CCD, NIT Agartala for necessary circulation.
- v) All HOD and faculty members for necessary action.
